#### Thoughts from Mr. Chan:

I am delighted to be the top student in this paper. My study method is simple and common – studying the reading material from lecturers and practising past examination papers. These are the best ways to understand the topics.

I hereby sincerely thank my two lecturers: Messrs. Issac Shum of IVE (Lee Wai Lee) and K.H. Chan of CityU SCOPE. Mr. Shum taught me the basic accounting knowledge and techniques in answering the questions. Mr. Chan was conscientious in his teaching and was always well prepared for his class.
