Thoughts from Mr. Cheng:

I am honoured to be the top student in this paper. I would like to thank HKIAAT for granting me this award and I would also like to take this opportunity to thank my family, teachers and colleagues for their kind support. In my opinion, being attentive in class is the fundamental element of success in the examinations. Practising past examination papers can teach you how to organize and elaborate on your answers. I believe that diligence is the key to success in every examination.
