

Hong Kong Institute of
Accredited Accounting Technicians
香港財務會計協會

Professional Bridging Examination (PBE) - December 2008

Paper II - Management Accounting & Paper III – Financial Management

Yuen Man Chun

Mr. Yuen graduated with a Bachelor of Engineering in Civil and Structural Engineering from the Hong Kong University of Science and Technology.

Thoughts from Mr. Yuen:

I realize that a professional qualification relating to accounting and law are crucial for those who want to take their career far in a listed company. I had not studied accounting before my studies with the HKIAAT. Now the AAT qualification offers me a golden opportunity to move forward and achieve my career goal.
