Thoughts from Miss Chan:

I am honoured and delighted to be awarded the Top Student prize for this paper. I believe hard work is the key to success. Being attentive in class and devoting full attention to the lecturer's discussions are important. A comprehensive review of the study materials and preparation of one's own notes will undoubtedly add to one's success. Revising past papers will also help us to familiarize ourselves with the examination format and syllabus.

Finally, I would like to take this opportunity to thank Mr. Daniel Wong and Mr. Michael Lam of the HKMA for their wonderful teaching. Their patience and effective teaching methods have enhanced my learning, and enabled me to improve my time management for the examination and to achieve success.
