### **Eric Chan**

Mr. Chan is a student at the Hong Kong Polytechnic University, studying the Bachelor of Business Administration (Global Supply Chain Management).

### ***Thoughts from Mr. Chan:***

I am glad to be awarded the Top Student prize in this paper. I believe that time management is crucial to achieving good results. I suggest that candidates schedule sufficient study time for their examination preparation. It is important that all topics covered in the textbook are thoroughly studied. Practising past examination papers is one of the most useful study techniques.

Lastly, I would like to thank my friends, family and God for giving me support to pursue the AAT qualification. I would not be able to take this challenge without them.
