

Top Students in the December 2009 Professional Bridging Examination (PBE)

Paper I – PBE Financial Accounting

Paper II – PBE Management Accounting and Finance

Lam Kwong Yiu

Mr. Lam graduated with an Associate Degree in Business Administration (Accountancy) from the Community College of City University. He completed the Comprehensive Programme – PBE Paper I and II at Kaplan Financial (HK) Limited. He is now a student at the City University of Hong Kong, studying the Bachelor of Business Administration (Hons).

Thoughts from Mr. Lam:

I am glad to be the Top Student in these two papers. As I am a full-time student, it is important for me to balance my time between examination studies and school work. I practised a lot on past papers as this can test my understanding of the accounting concepts. It is not useful to just spoon-feed suggested answers without thoroughly understanding what is going on. Having a good memory for a multitude of accounting standards and concepts will help. To apply theories in a logical and consistent manner, we can make use of diagrams, flowcharts or mind maps to link the interrelated areas. Finally, I believe that working hard is the key to success.

I would like to take this opportunity to thank my teachers at Kaplan, Mr. Alvin Wan and Mr. Michael Wong, for their dedicated support and help in my studies for PBE Paper I and II.
