Top Students in the December 2009 Accredited Accounting Technician (AAT) Examination

Paper 6 - Fundamentals of Business Law

Lee Mo Yu, Rebecca

Job title: Interviewer

Organization: The University of Hong Kong

Miss Lee graduated with a Higher Certificate of Laboratory Techniques from The Hong Kong Polytechnic University. She studied for the examination by herself.

Thoughts from Miss Lee:

I am deeply honoured and feel very privileged to be awarded the Top Student prize for this paper. Indeed, this award is a tremendous encouragement for someone like me who is entering this uncharted territory of accountancy.

I believe that having a real interest and good time management are essential in pursuing a course of learning.

Finally, the following is intended for all fellow HKIAAT students, and especially for those who have fought hard and long to advance themselves in their career pathway: don't be put off by setbacks, or even seemingly insurmountable hurdles. I wish you all every success in your future endeavours!
