## **Top Students in the December 2009 Accredited Accounting Technician (AAT) Examination**

Paper 7 - Financial Accounting

### **Tsang Pui Sze**

Miss Tsang is a student at the Hong Kong Institute of Vocational Education (Lee Wai Lee), studying the Higher Diploma in Accountancy.

#### ***Thoughts from Miss Tsang:***

My interest in accounting developed during my studies at secondary school. This is why I continue to study accounting through my tertiary education. I hope to acquire more accounting knowledge and to pursue a professional qualification in order to become a qualified accountant in the future.

I am extremely glad to be awarded the Top Student prize for this paper. Good teachers, friends and classmates are the main factors behind my success. When I have problems and questions, I raise them and discuss them in detail with my teachers and classmates. Furthermore, having a positive attitude and determination are essential to my success. Whenever I encounter difficulties, I try my best to solve and overcome them. I believe that a thorough understanding of study materials and accounting knowledge leads to effective learning and good preparation for the examination. These are my keys to success for the examinations.
