Top Students in the December 2009 Accredited Accounting Technician (AAT) Examination

Paper 1 - Fundamentals of Accounting and Computerized Accounts

Wong Yiu Wah

Mr. Wong graduated with a Bachelor of Business Administration (Honours) in Business Information Technology from the City University of Hong Kong. He completed the Preparatory Programme for AAT Paper 1 at the HKU School of Professional and Continuing Education (HKU SPACE).

Thoughts from Mr. Wong:

I am so glad to be awarded the Top Student prize in this paper. I am very interested in accounting, so I studied accounting by myself while at university and decided to enter this profession after graduation. I know it will be difficult for me to find an accounting job at this stage as I lack related experience. But I believe that acquiring the AAT qualification should improve my future job prospects. In addition, this award is a great encouragement to me in pursuing a profession qualification. I shall prove that I am a suitable and capable accounting professional in the future.

Thanks HKIAAT!
