Thoughts from Miss Chong:

Accounting is a profession which requires continuous education and a recognized professional qualification. Therefore, in addition to pursuing my academic studies, I decided to attain the AAT qualification which I believe is useful to the future development of an accounting career.

I was very honoured that I have been selected as the top student in this paper. I would like to take this opportunity to express my heartfelt thanks to my teachers Miss Pindy Lee and Mr. Danny Mak. With their guidance and teaching, I have learnt my essential accounting knowledge. During the preparation for the examination I practiced on many past papers, and Miss Lee and Mr. Mak were willing to help me when I encountered problems. Apart from practicing past papers, I also search other reference textbooks to supplement my study. Last but not least, good time management is critical to examination success.
