Computerised Accounts Examination (CAE) July 2008

Choi Lai Yee

Miss Choi is a full-time student of the Advanced Executive and Secretarial Administration Diploma Course at the True Light Middle School of Hong Kong Commercial and Language Section.

Thoughts from Miss Choi:

I am very glad to be the top student in this exam. I have wanted to become an accountant since I started studying Accounting in Form 4, as I find it to be an interesting subject. I believe hard work is the real key to success. Nothing is impossible: just open your mind to the possibility that what you want can become true.
