

Professional Bridging Examination

Notes and Regulations for the December 2008 Examination Papers

Each paper consists of two sections:

Section A: 2 compulsory questions

Section B: 3 (out of 4) questions

Both sections may contain computational questions, short questions and short case studies. Each paper lasts for three hours.

We would like to remind candidates that breaching the examination rules is prohibited under any circumstances, and disciplinary action will always be taken against candidates who are found violating the rules. These candidates will be disqualified from the examinations, and more severe penalties such as permanent removal from our student register may be imposed.

Students should read the notes shown on the back of the Examination Attendance Docket carefully and follow the Centre Supervisor's instructions during the examinations. Please bring your ID card, student registration card and the Examination Attendance Docket with you to **EVERY** examination. If you have misplaced either the registration card or docket, you should contact the HKIAAT **IMMEDIATELY** to arrange for a replacement.

We have adopted the policy of the Hong Kong Examinations and Assessment Authority (HKEAA) on the use of calculators. Electronic calculators, including programmable calculators, may be used in any examination session provided that the calculators are battery-powered, silent in operation, with neither print-out nor graphic/word-display facilities and do not use dot-matrix technology in the main display. Other electronic devices with graphic/word-display facilities (such as databank watches) are **NOT** permitted in the examination centre. If they are brought in, this will be considered as a breach of regulations and will lead to confiscation of the calculators. Candidates who wish to check whether their calculators can be used in the examination should refer to the list of permitted calculators on the HKEAA website at www.hkeaa.edu.hk.

Candidates are also **NOT** permitted to bring dictionaries into the examination.

Admission to the examination centre after the first 30 minutes of an examination is at the discretion of the Examination Supervisor. Candidates are therefore requested to arrive at the examination centres on time. Otherwise, you may have marks deducted or be disqualified from the examination.
