

Top Students of June 2009 Accredited Accounting Technician (AAT) Examination

Paper 7 - Financial Accounting

Tang Mei Hing

Job title: Audit Staff

Company: Elbe & Tinbe C.P.A. Limited

Miss Tang is studying for the Diploma in Accounting Studies at the Hong Kong School of Commerce. She completed the Preparatory Programme at the HKU School of Professional and Continuing Education.

Thoughts from Miss Tang:

Two years ago, I decided to change my career from a Restaurant Manager to an Accounting Clerk. Although I could change my field successfully, I found my knowledge in accounting was insufficient compared to my colleagues who had joined the company at the same time. Therefore, I decided to pursue the AAT qualification by studying a HKIAAT accredited programme. Now my career goal is to become an Accounting Manager.

It was my luck to meet a good teacher, Mr. P. Lam from HKU SPACE. He used his real-life experience to teach and help students to prepare for the examination effectively. It is important to pay attention in class and finish all the assignments instructed by teachers. Moreover, good preparation can help you to get good result in the examination.
