

Top Students of Accredited Accounting Technician (AAT) Examination in June 2010 session

Paper 7 – Financial Accounting

Chan Ka Lok

Job title: Senior Accounts Clerk

Company: ANDA CPA Limited

Mr. Chan graduated with a Bachelor of Social Science in Geography from the Chinese University of Hong Kong. He completed the Preparatory Programme for AAT Paper 7 at the University of Hong Kong's School of Professional and Continuing Education (HKU SPACE).

Thoughts from Mr. Chan:

I have been working for a few years before I decided to start a career in the accounting profession. My friend advised me to take the AAT Examination and this has helped me land a job in a CPA firm as a senior accounts clerk. After completing the AAT Examination, I plan to take the PBE to advance my career further.

In my opinion, proper time management is crucial in preparing for the examinations. A tailor-made timetable can help monitor your study progress closely. In addition, attending examination preparatory course enables you to understand the topics quickly and to prepare for the examinations effectively. I also suggest that students should spend time reviewing past papers as it helps you to avoid making common mistakes.
