

Top Students of Accredited Accounting Technician (AAT) Examination in June 2010 session

Paper 8 – Principles of Auditing and Management Information Systems

Sin Ka Kui

Mr. Sin is a student at the Hong Kong School of Commerce (HKSC). He graduated with a Diploma in Accounting Studies and is studying the Higher Group Diploma in Accountancy.

Thoughts from Mr. Sin:

I am deeply honoured to be awarded the Top Student prize for this paper. I would like to thank my teachers, especially Ms. M. N. Chan, who teaches the auditing subject. Honestly, I would not have accomplished this achievement without their support.

I think it is crucial to find a way to relieve stress if you want to study efficiently. For me, playing guitar after studying is effective. After playing and relaxing for a while, my mind is refreshed and I find myself able to concentrate better on my studies. I want to express my gratitude to the HKSC for providing us a good study atmosphere, which is very important. At school, I share what I have learnt with classmates. We always encourage and help one another. I am thankful for their help and support.
