

Top Students of Professional Bridging Examination (PBE) in June 2010 session

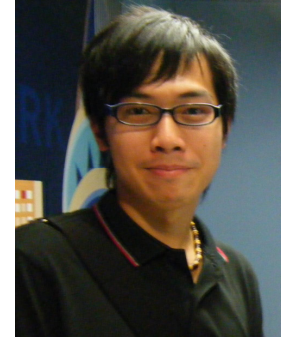

Paper III – PBE Auditing and Information Systems

Wong Ka Chun

Job title: Audit Junior

Company: Louis Leung & Partners CPA Limited

Mr. Wong graduated with a Bachelor of Business Administration (Honours) in Management Science and minor in Accounting from the City University of Hong Kong.

Thoughts from Mr. Wong:

After graduating from university, I realized the importance of a clear goal and set my goal to become a professional accountant within five years. With this clear direction, I started to formulate a detailed plan for my work and studies to achieve my goal.

I started my career as an audit junior, and it has provided a good platform for me to apply what I have learnt and at the same time to learn more about the real-life working environment. Thanks to the support and on-the-job coaching from my supervisors, I managed to adapt to the new working environment. Knowledge is the cornerstone of my work but I also realize that soft skills, including communication and presentation skills, are crucial to my career. We cannot acquire these skills from books alone, but from our real life experience.
