

**Top Students in the Professional Bridging Examination (PBE)****June 2012 session****Paper II – PBE Management Accounting and Finance****Li Hiu Wah**

Job title: Accountant  
Company: Jewelex HK Ltd.

Miss Li graduated with a Bachelor of Professional Accounting with Honours from the Open University of Hong Kong

***Thoughts from Miss Li:***

I am surprised and honoured to be the Top Student. I would like to thank the lecturers and tutors at my school for their teaching. They helped me a lot to understand and practice the topics.

It is really hard for me to study with a full time job. I had to spend all my spare time studying for the examination and doing assignments. But hard work pays off since I finally finished all the papers in PBE and so moved towards my next challenge, the Hong Kong Institute of CPA's Qualification Programme. The support from my employer, colleagues, friends and family has been important to my studies.

I hope all of you can achieve your goals.

**Paper III – PBE Auditing and Information Systems****Wong Kwok On**

Job title: Audit Junior  
Company: Patrick Wong C.P.A. Limited

Mr. Wong completed the preparatory programme for PBE III at the University of Hong Kong School of Professional and Continuing Education (HKU SPACE).

***Thoughts from Mr. Wong:***

Everyone should have their own study method. For me, repeating revision and practice is a good way to enhance my understanding. Every weekday, I spent 30 minutes in doing exercises to refresh my mind after working and two hours studying afterwards. During the weekends, I spent six hours studying and spared some time to relax as I think it is not efficient to study all the time: it's also important that you get enough rest.

I would like to thank Mr. Cheung, my teacher in this subject. He taught with his heart and answered my questions clearly. He taught us not only the knowledge we needed for this examination paper, but also how to develop our own study plans and revision techniques.

**Paper IV – PBE Business Law and Taxation****Chan Hok Sau**

Job title: Accounts Clerk  
Company: Kwong Tai Medicine Co.

Mr. Chan graduated with a Higher Diploma in Accountancy from the Hong Kong Institute of Vocational Education (Chai Wan). He completed the preparatory programme for PBE IV at the University of Hong Kong School of Professional and Continuing Education (HKU SPACE).

***Thoughts from Mr. Chan:***

I am surprised and honoured to be the Top Student. My studying tip is simple: practice past papers so you can learn the techniques you need for answering questions. Also, do seek help from your teachers or colleagues immediately when you have any problems.

I would like to thank my dear teacher, C.T. Lee from HKU SPACE. He gave us many study references and was always patient in answering our questions.
